1 Identification

- Product identifier
  - Trade name: Electro Flux for Electric and Hard Soldering
  - Article number: 504-074
- Recommended use and restriction on use
  - Recommended use: Scale inhibitor
  - Restrictions on use: No further relevant information available.
- Details of the supplier of the Safety Data Sheet
  - Manufacturer/Supplier:
    RIO GRANDE
    7500 Bluewater Rd. NW
    Alburquerque NM 87121-1962
    1-800-545-6566
    info@riogrande.com
  - Emergency telephone number:
    ChemTel Inc.
    (800)255-3924, +1 (813)248-0585

2 Hazard(s) identification

- Classification of the substance or mixture
  - GHS08 Health hazard
    - Repr. 1B  H360  May damage fertility or the unborn child.
    - Additional information:
      There are no other hazards not otherwise classified that have been identified. 0 percent of the mixture consists of ingredient(s) of unknown toxicity.
- Label elements
  - GHS label elements
    The product is classified and labeled according to the Globally Harmonized System (GHS).
  - Hazard pictograms
    - GHS08
- Signal word Danger
- Hazard-determining components of labeling:
  - boric acid
- Hazard statements
  - H360 May damage fertility or the unborn child.
- Precautionary statements
  - P280 Wear protective gloves/protective clothing/eye protection.
  - P201 Obtain special instructions before use.
  - P202 Do not handle until all safety precautions have been read and understood.

(Contd. on page 2)
Trade name: Electro Flux for Electric and Hard Soldering

3 Composition/information on ingredients

- Chemical characterization: Mixtures
- Description: Mixture of the substances listed below with nonhazardous additions.

<table>
<thead>
<tr>
<th>Dangerous components:</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>10043-35-3 boric acid</td>
<td>Repr. 1B, H360 5-10%</td>
</tr>
<tr>
<td>12179-04-3 disodium tetraborate pentahydrate</td>
<td>Repr. 1B, H360 5-10%</td>
</tr>
</tbody>
</table>

- Additional information:
For the listed ingredients, the identity and exact percentages are being withheld as a trade secret.

4 First-aid measures

- Description of first aid measures
- General information: Immediately remove any clothing soiled by the product.
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact:
  If skin irritation is experienced, consult a doctor.
### 40.1.5

- **After eye contact:**
  - Protect unharmed eye.
  - Remove contact lenses if worn.
  - Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

- **After swallowing:**
  - Rinse out mouth and then drink plenty of water.
  - Do not induce vomiting; immediately call for medical help.

- **Information for doctor:**
  - **Most important symptoms and effects, both acute and delayed**
    - Headache
    - Breathing difficulty
    - Nausea
    - Gastric or intestinal disorders when ingested.
  - **Danger**
    - Danger of impaired breathing.
    - Danger of convulsion.
    - May cause respiratory irritation.
    - May damage fertility or the unborn child.
    - No further relevant information available.

- **Indication of any immediate medical attention and special treatment needed**
  - Contains Boric Acid. Consult literature for specific antidotes.

### 5 Fire-fighting measures

- **Extinguishing media**
  - **Suitable extinguishing agents:**
    - The product is not flammable.
    - Use fire fighting measures that suit the environment.
  - **For safety reasons unsuitable extinguishing agents:** None.

- **Special hazards arising from the substance or mixture**
  - Formation of toxic gases is possible during heating or in case of fire.

- **Advice for firefighters**
  - **Protective equipment:**
    - Wear self-contained respiratory protective device.
    - Wear fully protective suit.

- **Additional information**
  - No further relevant information available.

### 6 Accidental release measures

- **Personal precautions, protective equipment and emergency procedures**
  - Ensure adequate ventilation.
  - For large spills, wear protective clothing.
  - Use personal protective equipment as required.

- **Environmental precautions:** Do not allow to enter sewers/ surface or ground water.

- **Methods and material for containment and cleaning up:**
  - Allow to solidify. Pick up mechanically.
  - Dispose contaminated material as waste according to item 13.
  - Send for recovery or disposal in suitable receptacles.
7 Handling and storage

- **Handling:**
  - **Precautions for safe handling**
    Use only in well ventilated areas.
    Prevent formation of aerosols.
    Avoid splashes or spray in enclosed areas.
  - **Information about protection against explosions and fires:**
    Keep respiratory protective device available.

- **Conditions for safe storage, including any incompatibilities**

- **Storage:**
  - **Requirements to be met by storerooms and receptacles:**
    Store in cool, dry place.
    Provide ventilation for receptacles.
  - **Information about storage in one common storage facility:**
    Store away from foodstuffs.
    Do not store together with alkalis (caustic solutions).
    Store away from oxidizing agents.
    Store away from metals.
  - **Further information about storage conditions:** Keep receptacle tightly sealed.

- **Specific end use(s)** No further relevant information available.

8 Exposure controls/personal protection

- **Additional information about design of technical systems:** No further data; see item 7.

- **Control parameters**

- **Components with limit values that require monitoring at the workplace:**

  | TLV (USA)      | Short-term value: 6* mg/m³ |
  | EL (Canada)   | Short-term value: 6 mg/m³  |

**Additional information:** The lists that were valid during the creation were used as basis.

**Exposure controls**

**Personal protective equipment:**

**General protective and hygienic measures:**

The usual precautionary measures for handling chemicals should be followed.

- Keep away from foodstuffs, beverages and feed.
- Immediately remove all soiled and contaminated clothing.
- Wash hands before breaks and at the end of work.
- Avoid contact with the eyes and skin.

**Engineering controls:** No further relevant information available.

**Breathing equipment:**

- Not required under normal conditions of use.
- Use suitable respiratory protective device when high concentrations are present.
- For large spills, respiratory protection may be advisable.

**Protection of hands:**

- **Protective gloves**

  The glove material has to be impermeable and resistant to the product/the substance/the preparation.
  Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

  **Material of gloves**

  The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

  **Penetration time of glove material**

  The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

  **Eye protection:**

  - **Safety glasses**

  **Body protection:** Not required under normal conditions of use.

  (Contd. on page 6)
9 Physical and chemical properties

- Information on basic physical and chemical properties
  
  General Information
  
  Appearance:
  
  Form: Liquid
  Color: Red
  Odor: Odorless
  Odor threshold: Not determined.
  
  pH-value at 20 °C (68 °F): 7.1
  
  Change in condition
  
  Melting point/Melting range: Undetermined.
  Boiling point/Boiling range: 100 °C (212 °F)
  
  Flash point: Not applicable.
  Flammability (solid, gaseous): Not applicable.
  Auto-ignition temperature: Not determined.
  Decomposition temperature: Not determined.
  Auto igniting: Product is not self-igniting.
  Danger of explosion: Product does not present an explosion hazard.
  
  Explosion limits:
  
  Lower: Not determined.
  Upper: Not determined.
  
  Vapor pressure: Not determined.
  Density: Not determined.
  Relative density: Not determined.
  Vapour density: Not determined.
  Evaporation rate: Not determined.
  
  Solubility in / Miscibility with
  
  Water: Fully miscible.
  
  Partition coefficient (n-octanol/water): Not determined.
  
  Viscosity:
  
  Dynamic: Not determined.
  Kinematic: Not determined.
10 Stability and reactivity

- Reactivity
  - Chemical stability
  - Thermal decomposition / conditions to be avoided:
    No decomposition if used according to specifications.
  - Possibility of hazardous reactions
    Reacts with alcohols.
    Reacts with acids.
    Reacts with alkali (lyes).
    Reacts with oxidizing agents.
    Reacts with various metals.
- Conditions to avoid
  Store away from oxidizing agents.
- Incompatible materials:
  Oxidizers, strong bases, strong acids
- Hazardous decomposition products:
  Phosphorus oxides (e.g. P2O5)
  Toxic metal oxide smoke

11 Toxicological information

- Information on toxicological effects
- Acute toxicity:
  - LD/LC50 values that are relevant for classification:
    10043-35-3 boric acid
    Oral LD50 2660 mg/kg (rat)
  - Primary irritant effect:
    - on the skin: Slight irritant effect on skin and mucous membranes.
    - on the eye: Slight irritant effect on eyes.
    - Sensitization: No sensitizing effects known.
  - Subacute to chronic toxicity: No further relevant information available.
- Additional toxicological information:
  May damage fertility or the unborn child.
- Carcinogenic categories
  - NTP (National Toxicology Program)
    None of the ingredients is listed.
  - OSHA-Ca (Occupational Safety & Health Administration)
    None of the ingredients is listed.
- Probable Routes of Exposure
  Inhalation.
  Eye contact.
  Skin contact.
  Ingestion.
- Acute effects (acute toxicity, irritation and corrosivity):
  May be harmful if swallowed.
12 Ecological information

- **Toxicity**
  - **Aquatic toxicity**: No further relevant information available.
  - **Persistence and degradability**: No further relevant information available.
- **Behavior in environmental systems**:
  - **Bioaccumulative potential**: No further relevant information available.
  - **Mobility in soil**: No further relevant information available.
- **Additional ecological information**:
  - **General notes**: Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.
  - **Other adverse effects**: No further relevant information available.

13 Disposal considerations

- **Waste treatment methods**
  - **Recommendation**: Must not be disposed of together with household garbage. Do not allow product to reach sewage system. The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes. Residual materials should be treated as hazardous.
- **Uncleaned packagings**:
  - **Recommendation**: Disposal must be made according to official regulations.

14 Transport information

- **UN-Number**
  - **DOT, ADR, ADN, IMDG, IATA**: Not Regulated
- **UN proper shipping name**
  - **DOT, ADR, ADN, IMDG, IATA**: Not Regulated
- **Transport hazard class(es)**
  - **DOT, ADR, ADN, IMDG, IATA**: Not Regulated
- **Packing group**
  - **DOT, ADR, IMDG, IATA**: Not Regulated
- **Environmental hazards**:
  - **Marine pollutant**: No
  - **Special precautions for user**: Not applicable.
- **Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code**: Not applicable.
### Regulatory information

- **Safety, health and environmental regulations/legislation specific for the substance or mixture**
  
  **United States (USA)**
  
  **SARA**
  
  - **Section 355 (extremely hazardous substances):**
    None of the ingredients is listed.
  
  - **Section 313 (Specific toxic chemical listings):**
    None of the ingredients are listed.
  
  - **TSCA (Toxic Substances Control Act):**
    All ingredients are listed.
  
  - **Proposition 65 (California)**
    
    - **Chemicals known to cause cancer:**
      None of the ingredients are listed.
    
    - **Chemicals known to cause reproductive toxicity for females:**
      None of the ingredients are listed.
    
    - **Chemicals known to cause reproductive toxicity for males:**
      None of the ingredients is listed.
    
    - **Chemicals known to cause developmental toxicity:**
      None of the ingredients is listed.
  
  - **Carcinogenic categories**
    
    - **EPA (Environmental Protection Agency)**
      10043-35-3 boric acid I (oral)
      12179-04-3 disodium tetraborate pentahydrate I (oral)
    
    - **IARC (International Agency for Research on Cancer)**
      None of the ingredients is listed.
    
    - **TLV (Threshold Limit Value established by ACGIH)**
      10043-35-3 boric acid A4
      12179-04-3 disodium tetraborate pentahydrate A4
    
    - **NIOSH-Ca (National Institute for Occupational Safety and Health)**
      None of the ingredients is listed.
    
    - **State Right to Know Listings**
      None of the ingredients is listed.
  
  - **Canadian substance listings:**
    
    - **Canadian Domestic Substances List (DSL)**
      All ingredients are listed.
    
    - **Canadian Ingredient Disclosure list (limit 0.1%)**
      None of the ingredients is listed.
Trade name: Electro Flux for Electric and Hard Soldering

**Canadian Ingredient Disclosure list (limit 1%)**

| 10043-35-3 | boric acid |

**Other regulations, limitations and prohibitive regulations**

This product has been classified in accordance with hazard criteria of the Controlled Products Regulations and the SDS contains all the information required by the Controlled Products Regulations.

**Chemical safety assessment:** A Chemical Safety Assessment has not been carried out.

**16 Other information**

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

**Date of preparation / last revision** 04/20/2015 / -

**Abbreviations and acronyms:**

- ADR: Accord européen sur le transport des marchandises dangereuses par Route (European Agreement concerning the International Carriage of Dangerous Goods by Road)
- IMDG: International Maritime Code for Dangerous Goods
- DOT: US Department of Transportation
- IATA: International Air Transport Association
- ACGIH: American Conference of Governmental Industrial Hygienists
- EINECS: European Inventory of Existing Commercial Chemical Substances
- ELINCS: European List of Notified Chemical Substances
- CAS: Chemical Abstracts Service (division of the American Chemical Society)
- NFPA: National Fire Protection Association (USA)
- HMIS: Hazardous Materials Identification System (USA)
- WHMIS: Workplace Hazardous Materials Information System (Canada)
- LC50: Lethal concentration, 50 percent
- LD50: Lethal dose, 50 percent
- Repr. 1B: Reproductive toxicity, Hazard Category 1B
